

## RICE NESHAP Sales Checklist

Does the engine(s) need to comply with RICE NESHAP?

Reference Applicability Flowchart 94-1594

If the engine falls under RICE NESHAP, what modifications are required?

Reference Applicability Guides 94-1559 (major) or 94-1560 (area)

If engine requires a catalyst, CCV and/or Temperature/Backpressure Monitor, perform a site audit

Reference Customer Application Requirements Form

Enter information from Customer Application Requirements Form into RICE NESHAP Selection Program

Go to [www.UniversalAET.com](http://www.UniversalAET.com)

Quote compliance product(s), installation with mark-ups and submit with drawings and specifications from NESHAP catalog

Remind customer not to wait to place the order
